Boulevard

VENT-FREE LINEAR FIREPLACES

With its strong horizontal lines,

contemporary burner,

and chic accessories

a Boulevard Linear Vent-Free Fireplace

adds drama to any décor.

www.empirecomfort.com

Designed for eye-level, in-wall installation Boulevard Fireplaces feature modern technology, artfully applied.

The Millivolt system operates with a standing pilot and includes an on/off remote control. Additional remote controls are available – including thermostat and programmable models.

The Green Earth Preferred Intermittent Pilot system eliminates the standing pilot – saving energy – and comes standard with a thermostat remote that allows you to adjust the flame height to suit your mood and heat requirements.

Press the button to light the fire – or just let the thermostat maintain your desired room temperature. Thanks to advanced logic circuitry, the IP system's thermostat anticipates heat demand to minimize temperature fluctuations in the room.

Complete your fireplace installation with a decorative front – available in two distinct styles:

The Tidewater adds a sense of gentle motion to the Boulevard's linear profile. Laser-cut from a single piece of metal, the Tidewater is available in matte black or hammered pewter.

The EastGate creates a bold multi-layer frame that combines hammered pewter with matte black.

Both frames provide a clean transition to the surrounding wall to accentuate the Boulevard's modern design.

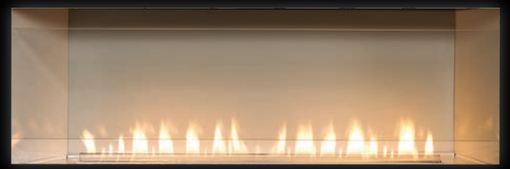
BOULEVARD VENT-FREE LINEAR FIREPLACE ACCESSORIES

The Boulevard's matte black interior makes a great backdrop for the linear burner, but we also offer porcelain liners, decorative media, and overhead lighting to let you completely change the character of your fireplace.

Standard Matte Black interior.

Porcelain Black Liner adds to the illusion of depth.

Cobalt Blue Liner creates the mood of a night sky.



Porcelain White Liner reflects flames and room light, while preserving a lighter, more open feel.

Lighting Kit enhances liner and glass.

Porcelain White Liner with Blue Bay Log Set - 4 piece driftwood.

Beautiful, elegant, and efficient ... your Boulevard fireplace will add value, ambiance, and warmth to your home.

DECORATIVE MEDIA

Decorative media may be used with or without a liner. Your dealer may offer additional colors. Use only decorative media specified for fireplace installation.
